

## “BEST OF SELECTION” OF SLOVENIAN INCENTIVES

### ***I. SLOVENIAN TRIATHLON – Cooking, drinking, dancing***

No visit of Slovenia will ever be complete without taking part in a Slovenian triathlon. Depending on the time of the year and the size of your group, the triathlon can be organised A) as a “Slovenian evening” type of event outdoors or B) as a more intimate indoor event. A typical outdoor event will include a culinary workshop (including making food on open fire), tasting of local wines and liquors, a short version of Slovenian Olympics, a lot of eating and drinking, a bit of a traditional Slovenian dancing and, preferably, a party long into the night.

Engagement level: 4 (out of 5) / Physically demanding: 2 (out of 5)

Best time of the year: All year round / Min-max number of participants: 20-300 / Duration: 2/3 hours or more

### ***II. 100% SLOVENIAN – Hilarious introduction to Slovenia***

*100% Slovenian* is a themed event that is led by a funny host that will tell you stories, funny facts and jokes that will be a great reference for starting conversations during your stay in Slovenia. During the event we serve traditional food and drinks and include short ice-breakers and energizers in the form of funny dances and traditional games that will help your guests immerse in the Slovenian culture and have a time of their lives. The program can include a musician that will entertain us with the Slovenian music in all its shapes and forms.

Engagement level: 3 (out of 5) / Physically demanding: 2 (out of 5)

Best time of the year: All year round / Min-max number of participants: 20-500 / Duration: 2/3 hours or more

### ***III. SLOVENIAN OLYMPICS – Slovenian farm games on steroids***

There is no better way to get familiar with the true Slovenian culture and have fun at the same time than to try our ridiculous Slovenian Olympics program. The program consists of challenges and skills that are absolutely necessary for survival in Slovenia - including traditional farm tasks (like milking the cow in a hurry...) and games that will make you excel at a local farm market! However, the winning group will also have to demonstrate the skills on how to evade taxes (like smuggling...) and to finally win a 50-year long dispute with the nearest neighbour☺.

Engagement level: 4 (out of 5) / Physically demanding: 3 (out of 5)

Best time of the year: spring to autumn / Min-max number of participants: 20-150 / Duration: 1-2 hours or more

#### **IV. SLOVENIAN FILM FESTIVAL – Find and shoot the treasures!**

With smartphones in our pockets, it has never been easier to make a decent movie. All you need is a good story, which we provide in the form of several fun challenges (one per group of 10-15 people). The tasks will point you to interesting local sights and people and will reveal interesting facts about the town of your event and Slovenia in general. Each group will have to find the location of the task, complete the challenge and make a series of short video clips about what happened. Later on, our own video team will “glue together” your clips in funny movies that we can show as the highlight of the event. In addition to several team movies, our video team will also make a “making of movie” that will be an unforgettable reminder of the entire event. We customize events according to season, locations and client.

Engagement level: 5 (out of 5) / Physically demanding: 2 (out of 5)

Best time of the year: All year round / Min-max number of participants: 20-200 / Duration: 2-3 hours or more
